P R E F A C E

Before you lies the book “**Sarva Shiksha Abhiyan : A Sociological Study**” the basis of research on Sarva Shiksha Abhiyan that was conducted in a village Chudiyala of district Muzaffarnagar of Uttar Pradesh. It has been written to fulfill the M.Phil Programme requirements of C.C.S University Meerut, U.P. I was engaged in researching and writing this thesis from Jan-June 2008.

The book aims to provide a systematic investigation about SSA and the impact of it on the social structure of a village. What changes come in the social structure after implementation of Sarva Shiksha Abhiyan (SSA) which is related to elementary education of children 6 to 12 age group.

In this thesis, my research question was formulated together with my *Supervisor*, **Prof. J.K. Pundir**. The research was difficult, but conducting extensive investigation has allowed me to answer the question that identified. Fortunately, my guide Prof. J.K. Pundir and my *friends* from the Department of Sociology and my *family* were always available and willing to help me in this period.

I would like to thank my supervisor for their excellent guidance and support during this process. I also wish to thank all of the respondents, without whose cooperation I would not have been able to conduct this analysis.

I hope you enjoy your reading.
